

SANTA BARBARA WINES THE NEXT WAVE.

Thirsty for more? Check out: santabarbarawines.com

WE LIVE AND BREATHE THE PACIFIC.

We are inspired by the wine pioneers who charted an untouched landscape to call their own. It's a landscape full of character and infinite possibility. Each morning our distinctive valleys swallow cool ocean breezes, and each afternoon they inhale vibrant sunshine. From lean and piercing to opulent and precise, this is the next wave - harnessing the unbridled opportunity we have by virtue of our landscape.
